

# ROUND BALER

## SALIENT FEATURES

- The guide wheels helps in maintaining the same line as per reel tines leading to accurate pickup.
- The rotor design encourages a uniform crop flow, which reduces the risk of blockages, thus maximizing output.
- Accurate height control can be achieved through a spring balanced hydraulic lifting system.
- Automatic greasing system with each bale coming out of machine leading to better operation.
- Safety slip clutch for drive overload protection.

# ROUND BALER

The Solis round baler is the perfect equipment that compresses the cut and raked crops, including salt marsh hay, cotton, hay, flax, and straw, turns them into compact bales making it easy in handling, storing & transporting.

## TECHNICAL SPECIFICATIONS
